To our Paulsboro community a message from Chief Gary Kille:

Our hearts are breaking and our condolences are with the family of George Floyd as they grieve the unnecessary loss of their family member.

The events that took place in Minneapolis are unconscionable, disturbing, and most certainly do not represent our profession as a whole. The actions and type of force used by the Minneapolis Police officers as depicted in the video are inexcusable and contrary to how we train our police. Incidents like this undermine the efforts of law enforcement everywhere who have built a solid trust with the community they swore to protect and serve.

The Paulsboro Police Department has always prided ourselves with treating those we serve with the utmost respect and dignity. The P.P.D. values the sanctity of life and is committed to protecting our community with professionalism, decency, and most importantly without fear.

We value the partnerships we have built in our community and we ask you to continue to partner with us as our profession works through these challenging times. I encourage compassionate and constructive discussions as we all seek solutions in making the future a safer place for everyone.

Now more than ever let Paulsboro Pride shine through.

In Service,

Chief  #201
